

## ***5th Grade List 2024-2025***

Summer provides a wonderful opportunity for students and families to enjoy great books together! The goal of the summer reading program is to foster a love of reading. Reading over the summer can also help students to maintain or even improve their reading skills. In order to meet the needs of each students' reading skills and interests, ***students will need to choose one title from the list below and a second title of their choice*** so that they can all explore their own interests. The second book should have a grade level of 4.5 or higher. ***An Accelerated Reader test should be completed for both titles in the first week of the 2024-2025 school year.***

We also encourage students to continue to work on Language Arts skills on IXL this summer with their same passwords from 4th grade to maintain skills.

Students should choose one title from the following list:
